HE WANTS TO QUIT.

Mr. Ellinwood Prays to the President for a Successor.

United States Attorney Ellinwood has grown desperate in his efforts to cast off his official shackles. Months ago he tendered his resignation, but nothing came of it. He has since then frequently hinted by wire or letter to the department of justice that he would like to be relieved. A democrat wanting to quit a remunerative job was something Attorney-General McKenna had never heard of. He regarded him as a curiosity and he determined to keep him. So far as the department of justice was concerned, the United States attorney's requests to leave the territory temporarily have been denied.

Mr. Ellinwood determined yesterday to make one more effort. If nothing comes of it he will resign himself to his official fate.

He sent another telegraphic appeal last night. He aimed above the head of the department and addressed it full at President McKinley.

The dispatch was as follows:

"The President, Washington, D. C.: With due regard to public business and without desiring to suggest anything that will embarrass your action, I would respectfully request that my successor be appointed as early as may be convenient."

"E. ELLINWOOD."

If this doesn't fetch something, nothing else will.

CITY AND COUNTY IN BRIEF.

Small Paragraphs of General Interest.

The News of a Day in Phoenix and Its Tributary Region Presented in a Nutshell—Doings of People and Other Matters.

A thick coating of sleet was administered to Prescott last Thursday.

Angel Palamino was arrested yesterday for a robbery committed at the block a month ago. The police have been trying to locate him ever since.

The infant daughter of Rev. and Mrs. F. A. Adams died on Friday at 3:30 p. m. The funeral services will be held in the Free Methodist church today at 11 a. m.

C. L. Hall of Goldfield yesterday filed an application in probate court for letters of administration upon the estate of William Bolitho, the late superintendent of the Mammoth.

An ejectment suit was brought in district court yesterday by C. L. Hall against Otella Goodwin, Thomas Goodwin and James C. Goodwin. The property involved consists of two lots and a house in Tempe.

The condition of Judge Truesdale was not so promising yesterday morning. He had suffered a relapse during the night before. Late last night there was no material change. His friends regard his illness as extremely serious.

The city license law will be further tested in the recorder's court this afternoon. James Martin, a tailor, refused to pay his last quarterly license of \$5. He was arrested yesterday and retained J. L. B. Alexander, who conducted the late successful onslaught against the peddlers' license.

William G. Getz, the Riverman, has employed the authorities to assist him in recovering a saddle horse. The horse was hired by a stranger early on Thursday morning. The stranger expected to return to the city about noon. He had not come back last night and Mr. Getz fears that he will never voluntarily return.

The work commenced last year among the colored people of this city will be recommenced and a meeting of the Sunday school will be held Sunday, the 17th, at 3 o'clock p. m. in the basement of the north Methodist Episcopal church on Monroe street. All interested in the work are earnestly requested to attend.

The Santa Fe Pacific Railroad company is contemplating the exclusive use of hewn ties to the exclusion of sawed ties heretofore used. The former, though much more expensive, are more durable and will be made still more so by an immersion in the company's pickling plant at Bellemont. The hewing of ties will give constant employment to 500 men in the northern part of the territory.

Col. Frank Cox has ascertained that if United States Attorney Ellinwood can maintain his hold upon his office one month longer that he will be in possession of a job from which he can be separated only by resignation or death. The president will be barred by the statute of limitations from removing him. Mr. Ellinwood's resignation has been laying at Washington for a long time. He will wait until the expiration of the period described by Col. Cox, and if he has not been removed then he will withdraw his resignation.

Another inventory was taken of John Bender yesterday. Bender is the Frenchman who was arrested and locked up in the county jail a week ago for a disturbance of the peace. When he was searched there was found stuffed in various pockets something more than \$2,200 in cash and certificates of deposit. He has been out of jail less than a week, but he has been thriving, for when the officers searched him yesterday morning they found \$5,508.70, all of which except \$2.90 in cash, was represented by deposit certificates.

The theatrical season here will be inaugurated by the Phoenix Players' club, an organization composed of the best local talent under the direction of Mr. Fred B. Mussey. The offering will be the presentation of Townsend's thrilling drama in five acts, entitled, "Tony, the Convict," with Mr. Mussey in the title role. The club has been actively at work rehearsing the play for the past month, and a smooth, even performance is promised our theater goers. The play is replete with sparkling comedy and will be further enlivened by the introduction of numerous specialties, late catches songs, etc. Mr. Mussey's tramp characterization and his new topical songs will be a feature of the show.

On Thursday evening the members of the M. E. church south and many of their friends gathered at the hands of some new parsonage on North Fourth avenue and gave a reception to the pastor, Rev. J. M. Weems, who has been returned by the conference to Phoenix for another year. Mr. Weems is an able minister and scholar and during the past year the church has made great progress. The children, the young people, the old folks and the official members met to give him a hearty welcome. He was accompanied on his return by Rev. M. B. Sharbrough, presiding elder of Arizona district, last year presiding elder of the Los Angeles district. He is a strong preacher and is familiar with pioneer church work. The people of the church are confident that great progress will be made during the ensuing year.

The high school base ball team will issue a challenge tonight to Manager William McCarthy of the Phoenix team for a match game, the winner to take the gate receipts and the title. "The Phoenix Base Ball Club" now so proudly held by Mr. McCarthy's aggregation. The high school club was reinforced by "Slater" Lambert, who has just returned from Globe. The Phoenix base ball club is the contingent which marked the enjoyment of patriotic Phoenixians at Tucson last Sunday by encouraging defeat by a score of 15 to 1. After the return of the excursionists inquiries were made for Mr. McCarthy. It was suspected that he was afraid to come back and face an indignity.

In a day or two he made his appearance and was asked on all sides how it happened. He replied that the incident was almost devoid of wood. The only thing about the game that had surprised him was that his club had succeeded in making one run.
